## Areas of glass-lined Applications Worldwide

- Acetic acids
- Acid dilution
- Active Pharmaceutical Ingredients
- Agrochemicals (pesticides, herbicides, fungicides)
- Basic silicones
- Brominated fire retardants
- Chemical apparatuses
- Chemical industry
- Corrosion protection
- Dyes
- Environmental protection
- Fertilizers
- Fine chemicals
- Food industry
- Glues
- Halogenated Chemicals (excep. Fluorinated)
- Inorganics
- Intermediate Organic Synthesis
- Isocyanates
- Latex (non-stick)
- Monomers
- Organics
- Paint-inks
- Petrochemistry
- Pharmaceuticals
- Pilot plants
- Plant constructions
- Plastics
- Process plants
- Reactor Flanges Protection
- Rubbers
- Silicones
- Soaps-detergents
- Storage techniques
- Sulphate acids
- Synthetic resins
- Synthetic rubbers
- Thin-film plastics
- Varnishes
- Vitamins
